BESCHRIJVING

HD Streaming Player with integrated amplifier & HDMI eARC

Compact Wireless Music Streaming Amplifier

The POWERNODE EDGE is the perfect segue into “just add speakers” HiFi for the streaming age, combining streaming sources, control and amplification in a sleek and affordable device.

Add a little extra power with the POWERNODE EDGE, the perfect entry point into “just add speakers” HiFi for the streaming age, combining streaming sources, control, and amplification all in one place. Audiophile-grade componentry capable of up to 24 bits/192 kHz hi-res audio, and wireless multi-room capabilities with smartphone controls combine to make the POWERNODE EDGE a great ‘building block’ amplifier to start, extend or complete a hi-res streaming audio system of any size.

- Easily power a pair of passive speakers
- 40 Watts per channel of DirectDigital™ amplification technology handling 24 bit/192 kHz files
- A state-of-the-art Quad-Core 1.8GHz ARM® Cortex A53 Processor
- HDMI eARC connectivity
- Digital optical and analog input options, subwoofer output, and Bluetooth® wireless headphone output
- Dolby® Digital decoding
- Dual-band Wi-Fi, Gigabit Ethernet and support for 2-way Bluetooth® aptX™ HD
